

Value-Added Staffing

OPTIMIZING REVENUE. REDUCING COSTS. MANAGING RISKS.

The AME Group assists our clients with Value-Added Staffing that will allow you to maximize revenue and reduce your expenses. We are committed to help companies develop sound business strategies to achieve a sustainable competitive advantage in this fast paced marketplace. At The AME Group, our advantage as an Employee Owned Company means that each time a member of our staff provides your business with services, it's an owner that is focused on providing the highest level of service and developing a relationship that benefits both parties into the future.

Whether you're looking to fill an open IT position or you have an upcoming project, The AME Group will quickly help you fill these needs with the highest qualified IT Consultant available. We recruit, train and nurture experienced IT Consultants that easily adapt to their new environment, offer value-added strategic insights and deliver hands-on solutions to daily IT challenges. The AME Group can deliver an IT Consultant to meet your unique needs. We know that each client's IT goals are unique and we offer the flexibility to staff these requirements in a manner individually tailored to these objectives.

Benefits of our Value-Added Staffing:

- **Our Consultants:** Each consultant has unique talents that are needed in today's technology environment. These consultants work under the direction of your management and seamlessly become a member of your team.
- **Our Approach:** The AME Group has a "one of a kind" Pay for Performance compensation package for all of our IT Consultants that rewards them individually for increasing our clients productivity and end user satisfaction levels. Compensation is tied to the number of calls closed per month, response times met, first call fix rates, training certifications, customer satisfaction, reduction in part expenses, and productivity levels.
- **Our Versatility:** The AME Group's consultants are versatile. We place consultants in a variety of situations that demand specialized skills across multiple platforms. Working with many different industries and picking up new skills regularly, our consultants are ready for anything. Our highly trained consultants are available for short-term and long-term assignments.
