

Is it time to refresh your technology? Are you considering undertaking the task with just your internal IT staff? If so, speak with us first to save up to 27% on your cost with our Lifecycle Management Program!

Our methodologies allow us to examine your infrastructure and determine a technology lifecycle program that satisfies your goals. Our Lifecycle Management Program includes procurement, deployment, support, and technology retirement so you can focus on what is most important: your business!

We saved over \$5 million for a client versus internal-only IT estimates.

What can we do for you?

How can this benefit your business?

- Only one contact for your procurement, deployment, support and technology retirement
- Increase your employee productivity via on-site support and remote manageability for new and existing equipment
- Ensure system compatibility and continuity through standardization of technology
- Minimize downtime with up-to-date equipment and professional support
- Improve asset management via monthly reporting
- Reduce ownership of obsolete equipment
- Average savings of 18% - 27% on a 36 - 60 month lifecycle

Why choose The AME Group?

- You are responsible for only 1 monthly payment
- Charges are a consistent, all-inclusive price-per-unit
- Additional units can be included at the same rate
- The rate does not change for the life of the contract
- Reduce procurement-to-deployment cycle time through our best practices
